

# Schematische Struktur eines IgG

- F<sub>ab</sub>** Fragment, *antigen-binding*
- F<sub>c</sub>** Fragment, *crystallizable*
- C<sub>L</sub>** Constant domain, *light chain*
- C<sub>H</sub>** Constant domain, *heavy chain*
- V<sub>L</sub>** Variable domain, *light chain*
- V<sub>H</sub>** Variable domain, *heavy chain*

- Konstante Regionen
- Variable Regionen
- Disulfidbrücke
- Glykosylierung
- Complementarity Determining Region 1-3 (CDR 1-3)
